Rich, I prepared a salient on this..... indicating that you and Karen were both following up and that we would proceed cautiously.

Hoping to keep the anxiety tamped down a little..... :-)

Here's what Karen did. No news back yet from PADEP. I would expect Cooley's office to have the lead on this.

Fw: NRC Report #

Ex. 6 - Personal Privacy

Kevin/Marc,

I had a conversation with Craig Stevens today about [Ex. 6 - Personal Privacy]'s recent concerns regarding contamination in his drinking water well after the fracing of the 7 nearby gas wells by Cabot. I suggested that Mr. Steven's advise [Ex. 6 - Personal Privacy] to make a report to the NRC. Attached is that report. Please let me know what steps PADEP may be taking to investigate this complaint. I know that Mr. Steven's also had a conversation with Karen Johnson from our Water Division and she may have contacted Scott Perry or someone else in your Oil and Gas group. Sorry if this seems like a duplication in effort, but I am trying to coordinate information for all of us, since you are my contacts with PADEP.

Thanks. Rich
